Redeeming Your eGift Card

Visit www.shop.good-ol-gals.com.

Add item(s) to your shopping cart.

Your purchase amount must be equal to or greater than the amount of your gift.

Click "checkout".

Enter the billing information for the card you will be using on the first checkout screen and click "continue".

On the next screen, you will see the items in your cart and just below the items is a box for you to enter your code.

Enter your code and click "APPLY COUPON"

(You MUST click the "apply coupon" button for the system to accept your code.)

You will see your total reduced by the amount of your coupon.

Enter your payment information and click "place order".

NOTE: If you end up with a "zero dollar transaction":

a) you must still enter payment card information; and

b) you may receive an email notification saying that there was a processing error.

As long as the error is as a result of a zero dollar transaction, there is no action required on your part.

Your GOGs Team will contact you if needed.
